

Diagram illustrating a linear chromosome with six loci labeled 1' to 6' from right to left. The distances between loci are: 1' to 2' is 615, 2' to 3' is 600, 3' to 4' is 3030, 4' to 5' is 600, and 5' to 6' is 615. The total length is 12000.
